

Web Sites

We can provide the following services for your website.

- Design of your new site
- Updates to your existing website
- Flexible hosting plans

All of our hosting plans include the following:

- Set-up
- Configuration
- Domain registration
- FTP access
- Full cgi-bin directory access
- Email

We offer flexible design packages to suit your needs and can design your new web site from scratch or simply refresh your old one. If you need help setting up your e-commerce solution, blog, or a single-page site, give us a call.
